TO: John White, Interim City Manager
Jose Villarreal, Mayor
Victor Ruiz, Mayor Pro-tem
Mike Montelongo, Council Member
Rosa Pena, Council Member
Martin Castellano, Council Member

SUBJECT: Annual Report

It is my pleasure and honor to present you the 2009 Sanger Fire Department Annual Report. This report contains information that summarizes the department's service during 2009 to the citizens/customers of the City of Sanger.

A very significant event happened this year. The fire department hired 4 FF/Paramedics on Measure S Funding. This brought the floor staffing up to 25 members starting 1-1-2010. An Engine was ordered from Smeal and an Ambulance will be ordered in 2010.

The fire department has a library of annual reports. The reports are used by staff, other fire agencies and organizations to research activities and events of the Sanger Fire Department. The report is available on CD and will also be available on the City Web Site. My sincere thank you to Susan Mora, Administrative Secretary, for the many years she has coordinated, organized and produced this report. I also extend a thank you and appreciation for the service, dedication and loyalty of the fire department members who have contributed to this document and continue to provide public safety services to the citizens/customers of Sanger.

The Sanger Fire Department, in conjunction with and support of the Interim City Manager, Mayor, and City Council, look forward to continuance of providing outstanding fire protection, emergency medical ambulance care and public safety service for the City of Sanger.

Sincerely,

Clyde L. Clinton
Fire Chief
